

Archbishop Montgomery's Plea for Civic Decency

DECREASE the number of saloons; bring those remaining under stricter supervision, and create a public sentiment that will demand that San Francisco occupy a place of decency that we should all wish her to have as our own city and home.—
Archbishop Montgomery.

UNKNOWN MAN KILLED BY INBOUND RAILWAY TRAIN.

At 9 o'clock yesterday morning an aged man was knocked from the Thirtieth-street bridge by an incoming Southern Pacific passenger train and killed. His remains are now at the Morgue, but are unidentified.

The victim was noticed on the bridge, by Robert Downing of 864 Potrero avenue, a track walker. The latter shouted to the old man, but he did not pay any attention to the warning. Albert W. Totter of 467 Minna street and Daniel Stewart of 744 Harrison street, two employes of the street-cleaning department, saw the unfortunate man fall into the street. They hurried for assistance and the injured man was carried to the City and County Hospital, where he subsequently died. There was nothing on the remains by which it was possible to make an identification. The victim was only five feet tall and was poorly attired.

THE UNITED STATES NOW FOURTH.

It is interesting to learn that through the battle in the Sea of Japan the United States has been raised to the fourth place among naval powers, while Russia has been reduced to seventh. It is also interesting to every sick man and woman to learn that through HOSTETTER'S STOMACH BITTERS they can be restored to robust health. At least this has been the experience of hundreds of others, and there is no reason why it should not benefit you also. Commence taking it to-day and you'll be surprised at the wonderful amount of good it will do you. For those who are weak, nervous, sleepless, or suffer from sick headache, poor appetite, vomiting, indigestion, dyspepsia, constiveness, biliousness, female troubles or malarial fever the BITTERS is especially recommended. Try it to-day and be convinced.
